EDUCATION

ABES Institute of Technology

B.Tech in Computer Science & Engineering, **CGPA: 6.42**

2021 – 2025

Ghaziabad, Uttar Pradesh

Saraswati Vidya Mandir Inter College

Class 12th, UP Board, **Percentage: 71.6%**

2021

Gola Gokarnnath, Kheri, Uttar Pradesh

Saraswati Vidya Mandir Inter College

Class 10th, UP Board, **Percentage: 79.33%**

2019

Gola Gokarnnath, Kheri, Uttar Pradesh

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, Python

Frontend Technologies: HTML, CSS, JavaScript, React.js, Bootstrap, Tailwind CSS

Backend Technologies: Node.js, Express.js, MongoDB

Version Control: Git, GitHub

Developer Tools: VS Code, Postman

PROJECTS

Weather Application 📄 | HTML, CSS, Javascript, API

- Built a responsive Weather Application focused on simplicity, usability, and accurate real-time data using third-party APIs.
- Displays real-time data including current temperature, weather conditions, humidity levels, wind speed, and 'feels like' temperature using integrated APIs.
- Implemented error handling to manage API response failures and invalid city inputs.

WanderLust 📄 | MERN

- Developed a full-stack Wanderlust project using MongoDB, Express.js, React.js, and Node.js (MERN stack).
- Implemented secure user authentication, property listing creation, updating, and Deleting functionality.
- Designed a responsive UI for users to browse, search, filter, and view property details.
- Built RESTful APIs for managing user profiles, reviews, property listings records.

Video Conferencing Application 📄 | MERN, WEB Sockets

- Built a real-time Zoom-like video conferencing app using WebSockets for seamless communication.
- Enabled real-time features like video streaming, voice chat, and messaging with WebSockets for low-latency transmission.
- Created a user-friendly interface with options for creating and joining video calls, screen sharing, and group chats.
- Integrated backend with Node.js and Express for user management, session creation, and authentication.

CERTIFICATIONS

- Solved over **80+** DSA problems on **Code Studio**, significantly enhancing problem-solving and algorithmic skills.
- **Java Programming Course** from **Coding Ninjas**, gaining strong proficiency in Java programming.
- Completed the **Front-End Development** from **Coding Ninjas**, gaining hands-on experience in front-end technologies.
- Completed the **Full Stack Web Development** from **Apna College**, gaining proficiency in development.
- Completed the **DSA Course** from **Apna College**, strengthening problem-solving and data structures skills.
